

Experience the Power of Scenting with Hygienetech

**The Power of Smell is quite understated & underutilized by most Businesses.
For the ones who use it – The benefits are well worth the efforts.**

Scenting is like Garnishing on finely curated dish – The final coat of finish on the efforts of the housekeeping team which brings a sense of for a Warm, Welcoming & a Pleasant Experience at all times.

Smell is the most powerful of our five senses. Memories recalled by smell are significantly more emotional and evocative than those recalled by sight or sound. Olfaction as a Science has now Well Established that Memories are very strongly associated with Smell.

Benefits of Scenting includes:

- 01 Enhances the Ambience
- 02 Creates Memorable Experiences – Helps Businesses Associate Clients with an Experience & Employee Retention.
- 03 Offers Therapeutic benefits – Different Types of Oils are known to help with Stress, Improves Concentration, Enhances Mood & Evokes Memories.
- 04 Neutralizes Malodour & also act as Aerial Disinfectant.
